Forever, brand di occhiali da uomo, donna e bambino composto da 9 speciali linee, propone una collezione di qualità, design e colore a prezzi accessibili. **Classic Forever**, occhiali da vista con forme e materiali classici, **Colors Forever** dove i protagonisti sono i colori, **Light Forever** con linee e materiali ispirati alla leggerezza, **Vintage Forever** ispirata agli stili retrò che hanno fatto la storia dell'occhialeria, **Teen Forever** facile e smart dedicata ai bambini, **Sun Forever** con una vasta selezione di occhiali da sole, **Green Forever** con montature e accessori realizzati con materiali bio-based, **Screen Forever** con occhiali da lettura con lenti anti luce blu e la linea **Sport Forever** con occhiali da sole e da vista pensati per garantire il massimo comfort.

Forever nasce dalla necessità di proporre ai nostri clienti una collezione di qualità, design colore a prezzi accessibili.

*Forever collection consists in 9 different eyewear lines for man, woman and kid, each with its own soul and with a different stylistic imprint. **Classic Forever**, with classic shapes and materials, **Colors Forever** where the colors are the protagonists, **Light Forever** with profile and materials inspired by lightness, **Vintage Forever** with styles inspired to the retro shapes that have made the history of the eyewear, the easy and smart **Teen Forever** dedicated to kids, the **Sun Forever** with a large selection of sunglasses and sun lenses, the **Green Forever** with frames and accessories made with bio-based materials for a greener eyewear experience, **Screen Forever** a readers collection with blue block lenses and **Sport Forever** with shapes designed for outdoor activities.*

Forever offers a quality collection, comfortable and attractive prices.

PROTECT YOUR EYES PROTECT THE ENVIRONMENT

Sempre più persone oggi concordano sul fatto che la nostra società moderna debba svilupparsi in modi più sostenibili.

I nuovi occhiali della collezione Green Forever sono realizzati in **ACETATO BIO** e vogliono contribuire ad un mondo più sostenibile.

More and more people today are agreed that our modern society must developed in more sustainable ways.

The new glasses of the Green Forever collection are made of **BIO ACETATE** and want to contribute to a more sustainable world.

Il ciclo di vita degli occhiali della collezione Green Forever in **Acetato Bio** (materia prima, produzione e trasporto) gode della certificazione ISCC che ne garantisce una produzione sostenibile a basso impatto ambientale.

The life cycle of the Green Forever eyewear collection made in **Bio acetate** (raw material, production, and transport) enjoys the ISCC certification which guarantees sustainable production with low environmental impact.

GREEN[®] Forever

Nuova collezione di occhiali realizzati in
ACETATO BIO-BASED

New collection made in
BIO-BASED ACETATE

**MATERIALE ECO-FRIENDLY
SOSTENIBILE
SICURO
NATURALE
CON RIDUZIONE DI FTALATI**

**ENVIRONMENTAL FRIENDLY
SUSTAINABLE
SAFE
NATURAL
WITH REDUCTION OF PHTHALATES**

PLANT BASED

L'acetato deriva da fonti naturali, e nella nuova composizione dell'acetato bio sono state aumentate le percentuali di cotone e legno rispetto al comune acetato di cellulosa.

The acetate comes from natural sources. In the bio acetate the percentage of components of cotton and wood have increased.

**LOW
EMISSIONS**

L'acetato bio utilizzato nella collezione Green Forever gode della certificazione ISCC che ne attesta la produzione a bassa emissione di carbonio.

The raw material of the bio acetate eyewear of Green Forever line enjoys the ISCC certification which certifies the low carbon emission production.

SUSTAINABLE

L'acetato bio utilizzato è privo dei tradizionali plastificanti del settore.

The bio acetate used are free of traditional plasticizers in the industry

OPTICAL COLLECTION

GREEN[®] Forever

Occhiali Bio Based

Collezione da uomo, donna ed unisex

-  Occhiali da vista
-  Occhiali da lettura con lenti blu block
-  Occhiali da sole con lenti polarizzate

Le montature sono realizzate al 45% da materiali bio-based derivati da semi di ricino da colture eco-sostenibili, con packaging in materiale riciclato. Grazie alla loro particolare composizione e ad un design accurato, gli occhiali Green Forever sono robusti, leggeri e comodi: per una visione del mondo sempre più verde.

Adatta per coloro che seguono stili di vita a basso impatto ambientale, che si impegnano in comportamenti a favore dell'ambiente.

Bio Based eyewear

Woman, Man, unisex collection

-  Optical eyewear
-  Reading glasses with blue block lenses
-  Sunglasses with polarized lenses

The Green Forever line is made of 45% bio-based materials derived from sustainably farmed castor seeds and packaged using recycled materials. Thanks to their special composition and precise design, they are durable, lightweight, and comfortable: for a greener eyewear experience.

GREEN[®]
Forever

READING COLLECTION

**MOLDED BIO-BASED
READING GLASSES WITH BLUE BLOCK***

Gli occhiali Green Forever con lenti Blue Block **proteggono gli occhi dalla luce blu** del pc, tablet smartphone e TV e ne riducono l'affaticamento.

Reading glasses Green Forever have "Blue Block" treatment on lenses that protect the eyes from the blue light exposure of PCs, tablets, smartphones, and TVs, reducing the eye strain.

*Blue Block è un trattamento delle lenti che filtra la Luce Blu (radiazione luminosa) emessa dagli schermi dei moderni dispositivi, TV, computer, tablet e smartphone. Le lenti Blue Block della linea Forever Green filtrano il 40% di luce blu emessa dagli schermi dei moderni dispositivi, TV, computer, tablet e smartphone senza alterare la percezione del colore, offrendo una visione naturale ottimale e la migliore protezione possibile. L'uso sempre più intenso di questi dispositivi (si stima una media di 6 ore al giorno) espone gli occhi a livelli significativi di luce blu causando vari disturbi come affaticamento, secchezza degli occhi e disturbi del sonno.

*Blue light blocking glasses are specifically designed to filter out the harmful blue-violet light rays that are commonly emitted from digital screens. This surface treatment acts on the waves by blocking them and bringing them down to non-harmful levels. The Blue Block lenses of the Green Forever line filter 40% of the blue light emitted by the screens of modern devices, TVs, computers, tablets and smartphones without altering the perception of color. Excessive Blue light during the day can cause eye strain and sleep and mood disorders.
